

STM Pin Name	GPIO Mode	GPIO PuPd	Maximum Output
PA4	Output Push Pull	No pull-up and no pull-down	Low
PA5	Output Push Pull	No pull-up and no pull-down	Low
PA6	Output Push Pull	No pull-up and no pull-down	Low
PA7	Output Push Pull	No pull-up and no pull-down	Low
PB0	Output Push Pull	No pull-up and no pull-down	Low
PB1	Output Push Pull	No pull-up and no pull-down	Low
PB12	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a
PB14	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a

PB15	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a
PC5	Output Push Pull	No pull-up and no pull-down	Low
PC6	Output Push Pull	No pull-up and no pull-down	Low
PC8	Output Push Pull	No pull-up and no pull-down	Low
PC9	Output Push Pull	No pull-up and no pull-down	Low
PC10	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a
PC11	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a
PD2	External Interrupt Mode with Falling edge trigger detection	No pull-up and no pull-down	n/a

Cube Name	Description
PB1 LED	LED mounted below Floor 1 (PB1 Button)
LD2 [Green Led]	Green Light on physical STM board, used for debugging only
PB2 LED	LED mounted below Floor 2 (PB2 Button)
PB3 LED	LED mounted below Floor 3 (PB3 Button)
F2 Indicator	Indicator in top left (Middle) that indicates floor two
F3 Indicator	Indicator in top left (right) that indicates floor three
PB1	Pushbutton 1 interrupt pin
PB3	Pushbutton 2 interrupt pin

PB2 Pushbutton 3 interrupt pin

F1 Indicator Indicator in top left (Left) that indicates floor one

ExtLED3 External Pushbutton LED 3: **Door Open Indicator**

ExtLED2 External Pushbutton LED 2 (Used by group 4 for other floors): **Close Door Request**

ExtLED1 External Pushbutton LED 1 :**Open Door Request**

ExtPB1 External Pushbutton 1 Interrupt PIN (Proposed) (**Open Door Request**)

ExtPB2 External Pushbutton 2 Interrupt PIN (Proposed)

ExtPB3 External Pushbutton 3 Interrupt PIN (Proposed)
